---------------------------------------

## SKILLS

- HTML
- CSS
- JavaScript
- SQL
- Python
- React.js
- Node.js
- Express.js
- MongoDB

---------------------------------------

## EDUCATION

### B.E COMPUTER SCIENCE

- SRM Valliammai Engineering College (2020 - 2024) | CGPA: 7.88

### HSC

- Everwin Mat Hr Sec School (2019 - 2020) | 70.1%

### SSLC

- Everwin Mat Hr Sec School (2017 - 2018) | 89.8%

---------------------------------------

## INTERNSHIP

Full Stack Web Development (Stigmata Techno Solutions)

## PROFILE SUMMARY

Motivated Computer Science Engineer with expertise in coding, algorithms, frameworks, and object-oriented programming (OOP). Experienced in developing interactive projects and a personal portfolio website. A proactive problem-solver with hands-on experience in full-stack web development and a strong passion for learning emerging technologies.

---------------------------------------

## PROJECTS

### Personal Portfolio Website

- Developed a responsive and visually appealing portfolio website using React.js to showcase my skills, projects, and achievements, ensuring a seamless user experience.

### E-Commerce Web application (mm-boutique.vercel.app)

- Developed a fully functional e-commerce platform using the MERN stack with Redux and Cloudinary. Implemented product management, user authentication, and secure payment integration for a seamless shopping experience.

### Smart Human Computer Interaction

- Developed a system to enhance user interaction by converting laptop camera modules into gesture sensors. Enabled cursor control through real-time gesture detection using computer vision techniques, minimizing reliance on traditional input devices.

---------------------------------------

## SOFT SKILLS

- **Adaptability**: Quick to adjust and thrive in changing environments.
- **Problem-Solving**: Proactive in identifying and resolving complex issues.
- **Teamwork**: Strong team player with a history of successful group contributions.

---------------------------------------
